Provision of the Services

4.2 Once you are Connected, Mobinex will use reasonable skill and care to provide you with access to our Services. The Services may also include access to any Premium Services, provided you have requested access to these services and we or our Service Provider or Network Provider approve their usage. As part of the Premium Services you may also access Age Restricted Services, provided you are eighteen (18) or over and you do not show or send any content from the Age Restricted Services to anyone under eighteen (18) years old.

4.3 As part of the Services you may be able to upload and send your own content. To be able to take advantage of this functionality you grant to Mobinex, our Service Provider and our Network Provider a royalty free, perpetual, irrevocable and worldwide license to store, transmit or otherwise deal with any content you upload using the Services.

4.4 In relation to the provision of the Services Mobinex:

- (a) may change or withdraw some, or part, of the Services from time to time; and
- (b) may determine or change how Services are presented and delivered to the Handset or are otherwise made available to you at any time.

This may be for a range of reasons including because of changing technologies, obsolescence, new or different product features, changing content providers or the need to remove, replace or modify content. Subject to Section 7.3, you are entitled to end your relationship with Mobinex where any such variation is likely to be of material detriment to you.

Telephone Numbers

4.5 As part of the Services you will be provided with a telephone number associated with your SIM card. You agree that:

- (a) you have no rights to, and do not own, the telephone number that Mobinex (or its Service Provider or Network Provider) provides to you;

Moving Your Telephone Number

4.9 We can help you move your current mobile number to Mobinex. This is referred to in the industry as porting your mobile number. Once you have received and activated your SIM please contact us to move your old number to your new Plan. When you contact us you will need to have obtained a port authorization code or PAC from your old provider to enable us to port your current mobile number to your new Plan.

4.10 We will not be able to provide you with a PAC after your Contract with us has been terminated. You will therefore need to request a PAC before the Contract is terminated where you wish to move your mobile number to a new mobile provider.

4.11 You will need to contact your old mobile provider and request that they give you your PAC. The PAC will be valid for a period of thirty (30) days if you do not use it within that time you will need to request a new PAC.

Where you send SMS messages to multiple recipients you will be charged for the SMS messages sent to each recipient. If we cannot send your SMS message we will continue trying for such time as our Network Provider and Service Provider allow, but you should not expect that to continue for more than 24 hours. You will not be charged for SMS messages that have not been sent.
